

End of Season Handicapping

The End of Season (EOS) handicap changes are now on the HPA website. In spite of the dates being in the Yearbook and Polo Manager's Handbook which gets sent to each club, and the club being sent several reminders, the following clubs failed to provide the HPA with any recommendations for the EOS meeting. There were also several clubs that were late. If you are a member of one of the clubs below, it means that any improvement may not have been recognised by a change in handicap so please do not be surprised or upset if you get put up suddenly at any stage next season. If your club fails to submit their recommendations at the end of next season all the members of the club will be 'Not Rated' (NR). This will mean that a CV form will be required before you can play the following season. It is therefore suggested that you ensure that your club looks after you and your handicap better next season.

Clubs that failed to make recommendations to the HPA:

Barfold
Beverley
Chester Racecourse
Dallas Burston
Dorset
Eastwood
Edinburgh

Great Trippetts
Norfolk
Peover
RMA Sandhurst
RNPA
West Wycombe
Wicklow

David Woodd
Chief Executive
